The Bola Ahmed Tinubu Ideological Group (BAT-IG) respectfully writes to appeal to the North Central Development Commission (NCDC) for the implementation of targeted grassroots development interventions in selected communities across **Plateau and Benue States**.

The proposed interventions comprise the **provision of nine (9) boreholes across the three senatorial zones of Plateau State** and the **supply and installation of twenty (20) giant waste bins across five flood-affected wards of Makurdi, Benue State**.

These requests are aimed at addressing pressing community needs relating to **access to potable water, environmental sanitation, flood-risk reduction, public health, and grassroots socioeconomic development**.

The BAT Ideological Group is a grassroots-driven sociopolitical, humanitarian, and policy-advocacy organization committed to promoting good governance, grassroots mobilization, policy support, youth empowerment, education advocacy, healthcare intervention, and national unity in alignment with the Renewed Hope agenda of the administration of President Bola Ahmed Tinubu and raising men and women who will become walking carriers of the president's political spirit.
